Copper Lake Resources Ltd.

Notes to Condensed Interim Financial Statements

Three and six months ended April 30, 2018

(Unaudited)

(Expressed in Canadian dollars)

1. NATURE OF BUSINESS AND GOING CONCERN

Copper Lake Resources Ltd. (“Copper Lake” or the “Company”) was incorporated under the laws of the Province of British Columbia and is in the business of exploration and development of mineral resource properties. The address of the Company’s head office is 501 Alliance Avenue – Suite 401, Toronto, Ontario. The Company’s shares are listed on the TSX-V under the trading symbol CPL.

The Company is a mineral exploration company focused on acquiring, exploring and developing mineral property interests in Canada.

These condensed interim financial statements have been prepared on the basis of accounting principles applicable to a going concern, which assume that the Company will be able to continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

The Company has no source of operating cash flows, has not yet achieved profitable operations, has a working capital deficit, has accumulated losses since its inception, expects to incur further losses in the development of its business and has no assurance that sufficient funding will be available to conduct further exploration of its mineral properties. These conditions cast significant doubt about the Company’s ability to continue as a going concern. The application of the going concern concept is dependent upon the Company’s ability to generate future profitable operations, and receive continued financial support from its creditors and shareholders.

The business of mining and exploration involves a high degree of risk and there can be no assurance that current exploration programs will result in profitable mining operations. The Company has no source of revenue, and has significant cash requirements to meet its administrative overhead and maintain its mineral interests.

In the future, the Company may raise additional financing through the issuance of share capital or shareholder loans, however, there can be no assurance that it will be successful in its efforts to do so and that the terms will be favorable to the Company. These financial statements do not include any adjustments to the amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue as a going concern. Management is actively seeking to raise the necessary capital to meet its funding requirements and has undertaken available cost-cutting measures. There can be no assurance that management’s plan will be successful. If the going concern assumption were not appropriate for these financial statements, then adjustments would be necessary in the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used. Such adjustments could be material.

2. BASIS OF PREPARATION

Statement of compliance

These condensed interim financial statements have been prepared in accordance with IAS 34 *Interim Financial Reporting*. They do not include all the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company’s financial position and performance since the last annual financial statements as at and for the year ended October 31, 2017.

These condensed interim financial statements were authorized for issue by the Board of Directors on June 29, 2018.

2. BASIS OF PREPARATION *(Continued)*

Significant accounting policies

The policies applied in these condensed interim financial statements follow the same accounting policies and methods of application as our most recent annual financial statements. Accordingly, they should be read in conjunction with our audited financial statements for the year ended October 31, 2017.

Functional and presentation currency

These condensed interim financial statements are presented in Canadian dollars, which is the Company's functional currency. All financial information is expressed in Canadian dollars unless otherwise stated and have been rounded to the nearest dollar.

Use of estimates and judgments

In preparing these condensed interim financial statements, management made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The most significant accounts that require estimates as the basis for determining the stated amounts include the impairment of assets.

The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements as at and for the year ended October 31, 2017.

3. MINERAL PROPERTY INTERESTS

Marshall Lake Property

The Company entered into an option agreement dated July 6, 2010 with Rainy Mountain Royalty Corp. ("Rainy Mountain") and Marshall Lake Mining Limited ("MLMP") of London, England, whereby the Company was granted an option to earn up to a 50% interest in certain mining claims that comprise the Marshall Lake property located north-northeast of Thunder Bay, Ontario.

Under the option agreement, the Company is required to:

- a) incur aggregate exploration expenditures of \$4,000,000 on the property, as follows:
 - (i) \$400,000 (incurred) on or before the first anniversary of August 11, 2011;
 - (ii) \$600,000 (incurred) on or before the second anniversary of August 11, 2012;
 - (iii) \$1,000,000 (incurred) on or before the third anniversary of August 11, 2013;
 - (iv) \$1,000,000 (incurred) on or before the fourth anniversary, amended to October 11, 2014; and
 - (v) \$1,000,000 on or before the fifth anniversary, amended to July 15, 2018.
- b) issue a total of 2,000,000 common shares of the Company, as follows:
 - (i) 400,000 common shares (issued at a value of \$88,000) within ten business days of the effective date of the agreement; and
 - (ii) 1,000,000 common shares (issued) to be issued on each of the first (issued at a value of \$104,000), second (issued at a value of \$60,000) and third (issued at a value of \$20,000) and fourth (issued at a value of \$24,000) anniversary dates of the Agreement.

3. MINERAL PROPERTY INTERESTS *(Continued)*

On May 5, 2016 the Company announced that it had reached an agreement to acquire the 31.25% interest in the Marshall Lake property currently held by MLMP, a privately held company based in the United Kingdom. The acquisition subsequently closed on September 29, 2016. This acquisition gave Copper Lake a 68.75% interest in the property.

As a result of the acquisition, the Company can earn a 75% interest by incurring cumulative expenditures of \$4,000,000 on the property by July 15, 2018. As at April 30, 2018 the Company has fulfilled the expenditure requirements and now has a 75% interest in the property.

The Company also has the option to increase its interest to 87.5% by incurring such additional property expenditures as are necessary to take the Marshall Lake property to a bankable feasibility stage.

Norton Lake Property

The Company entered into a Joint Venture Assignment Agreement dated on January 21, 2009 with Cascadia International Resources Inc. of Calgary, Alberta (“Cascadia”), pursuant to which Cascadia assigned its 51% joint venture interest in the Norton Lake property to the Company for the sum of \$300,000. The other joint venture partners are Rainy Mountain and White Metals Resources Corp. (“White Metals”). The property is located north of Thunder Bay, Ontario and the Company is the operator. The Norton Lake Project consists of two properties, namely, the Norton West Property (the principal property) and the Norton East Property. Joint venture expenditures are being recorded by each joint venture partner on a cash call basis and as a result of the programs completed by the Company on the Norton West Property, the Company had a 57.6% interest in the Norton West Property (with Rainy Mountain having a 32.6% interest and White Metals having a 9.8% interest) and a 51% interest in the Norton East Property (with Rainy Mountain having a 9.8% interest and Trillium having a 39.2% interest). By agreement dated February 21, 2012, the Company, Rainy Mountain and White Metals combined and consolidated their respective interests in the Norton West and Norton East Properties, and as a result, the Company has a 60.70% interest in the combined Properties (with Rainy Mountain having a 30.21% interest and White Metals having a 9.09% interest). On June 29, 2015, the Company announced that it had acquired the remainder of White Metals’ 9.09% interest in the Norton Lake property, thus increasing its ownership position to 69.79%.

Northwestern Ontario Gold Properties

On March 7, 2017, the Company announced that it had entered into a mineral property option agreement to acquire up to 100% of four separate properties made up of seven claims. The properties are situated in the Kenora and Patricia mining divisions in Northwestern Ontario and are known as the Queen Alexandria Gold Property, the Mine Lake Gold Property, the Grand Chibougamau Gold Property and the Centrefire-Redhat Gold-Copper Property, collectively the NWO Gold Properties.

Copper Lake can earn 25% interest of these properties by payment of \$200,000 and 400,000 shares, which were made in the year ended October 31, 2017. To earn 75% Copper Lake needs to pay \$60,000 and issue 600,000 shares over 3 years and spend at least \$2,000,000 on the properties. Copper Lake can earn up to 100% interest by completing a 43-101 compliant resource estimate with 500,000 ounces on the properties and payment of 250,000 shares. During the current quarter, the Company made a payment of \$20,000 and issued 200,000 shares as per the option agreement.

The Optionor will retain a 2% net smelter royalty (“NSR”). Copper Lake can acquire half (1%) of the NSR for \$1 million and will have a right of refusal to acquire the remaining 1%.

On April 28, 2016 the Company closed a \$420,000 non-brokered private placement of convertible debentures. The unsecured subordinated convertible debentures bear interest at 12% per annum, calculated annually and have a term of five years from the date of issue. At the date of issue \$285,845 was allocated to the liability component of the convertible debenture and the residual amount of \$134,155 was allocated to the equity component, based on an effective interest rate of 20%.

The debentures are convertible into units at the rate of \$0.05 for the first year and \$0.10 thereafter. Each unit is comprised of one common share and one common share warrant of the Company. Each common share warrant entitles the holder to purchase one additional common share of the Company at an exercise price equal to the conversion price at the time of issuance of the warrants. The warrants will expire on the date which is the earlier of (a) four years from the date of issuance of the warrant, and (b) April 28, 2021.

On September 29, 2016 the Company issued \$350,000 of convertible debentures in connection with the acquisition of the additional interest in the Marshall Lake property, as described in note 4. The unsecured subordinated convertible debentures bear interest at 12% per annum, calculated annually and have a term of five years from the date of issue. At the date of issue \$238,204 was allocated to the liability component of the convertible debenture and the residual amount of \$111,796 was allocated to the equity component, based on an effective interest rate of 20%.

The debentures are convertible into units at the rate of \$0.055 for the first year and \$0.10 thereafter. Each unit is comprised of one common share and one common share warrant of the Company. Each common share warrant entitles the holder to purchase one additional common share of the Company at an exercise price equal to the conversion price at the time of issuance of the warrants. The warrants will expire on the date which is the earlier of (a) four years from the date of issuance of the warrant, and (b) September 29, 2021. Immediately following the closing of the above acquisition, debentures with a principal value of \$251,370 were converted into units (see note 6).

5. RELATED PARTY TRANSACTIONS

The following are related party transactions that have occurred during the three and six months ended April 30, 2018, which have not otherwise been disclosed herein.

Included in accounts payable and accrued liabilities as at April 30, 2018 is \$133,165 (October 31, 2017 - \$133,925) owed to directors and officers, companies controlled by former directors or companies having certain directors in common.

The advances from shareholder in the amount of \$16,822 were advanced by a director and are non-interest bearing and have no terms of repayment.

6. CAPITAL STOCK

The common shares of the Company are entitled to one vote per share at meetings of the shareholders of the Company, and upon dissolution or any other distribution of assets, to receive pro rata such assets of the Company as are distributable to the holders of common shares.

The Company is authorized to issue unlimited common shares without par value.

During the six months ended April 30, 2018, the Company completed the following transaction:

- a) On December 28, 2017 the Company closed the first tranche of a non-brokered private placement of units and issued 7,000,000 flow-through units, with each unit consisting of one flow-through common share and one-half of one common share purchase warrant, for gross proceeds of \$350,000. Each full warrant is exercisable into one common share at \$0.10 for 24 months from the date of issuance.
- b) On January 30, 2018 the Company announced that it was increasing the maximum amount of the private placement to \$750,000 and extending the closing date to March 1, 2018. 7. CONTINGENCY

The Company was named in a lawsuit filed in June 2016, by Ronald Coombes (“Coombes”), the former President and CEO and former director, who resigned as President, CEO and director of Copper Lake in February 2016. Coombes is seeking payment for amounts claimed to be owing for consulting fees and reimbursement of expenses and unspecified damages. He is also seeking damages for alleged termination of his consulting agreement. In conjunction with the lawsuit, a prejudgment garnish order was served on the Company which resulted in \$118,390 being held by the BC Supreme Court pending the outcome of the lawsuit. The claims made by Coombes excluding damages total \$137,185. These amounts were recorded in the records of the Company while Coombes was President and CEO and remain on the books pending the outcome of the lawsuit. The Board of Directors has retained legal counsel and filed a defense, and has also filed a counterclaim for breach of contract and breach of fiduciary duty in July 2016. In October 2016, the Company successfully filed an action to have a second former director added to the counterclaim against Coombes. At the present time, management is unable to determine the outcome and potential impact of the claim, if any, and no provision has been booked for the lawsuit as at April 30, 2017
