COPPER LAKE ANNOUNCES APPROVAL OF \$200,000 OJEP GRANT AND RECEIPT OF EXPLORATION PERMIT

December 8, 2023 – Toronto, ON – Copper Lake Resources Ltd. (TSX-V: CPL, Frankfurt: WOI, OTC: WTCZF) (“Copper Lake” or the “Company”) is pleased to announce that it has been selected to receive grant funding of up to \$200,000 under the Ontario Junior Exploration Program (“OJEP”) from the Ontario Government. This amount will cover up to 50% of eligible exploration costs, to a maximum of \$200,000 in respect of expenditures incurred by the Company during the period from April 1, 2023 to February 15, 2024, on the Marshall Lake MT Conductor Project.

The Company was also notified on November 20, 2023 that its Exploration Permit Application on the Marshall Creek Project had been issued, for a period of three years. The Marshall Creek Project area includes the E-W Build-Up Conductor (see July 19, 2023 News Release). The permit will allow us to perform the planned LLEM survey to determine the extent of the conductor and identify drill targets, with drilling to immediately follow.

Financing Update

The previously announced private placement (see November 17, 2023 News Release) is expected to close between December 12, 2023 and late December 2023. The net proceeds of the financing will be used for exploration at the Company’s Marshall Lake project and for general working capital purposes. Additionally, the use of proceeds does not include any proposed payments to non-arms length parties nor any payments to persons conducting Investor Relations activities.
